FOREWORD

Few activities provide a more wholesome and worthwhile outlet for the energies of today’s youth than baton twirling. Sanctioned twirling contests are largely responsible for the growth, development, and advancement of twirling as a performance sport, performing art, and beneficial activity. Many of the keen traits found in today’s twirlers can be directly credited to their participation in twirling contests, i.e., physical fitness, good sportsmanship, teamwork, personality projection, ambidexterity, and self-confidence. Baton twirling contests provide a place where baton twirlers can join together in friendly competition and share common interests- while participating in a program for baton boosters and the public to view.

NBTA INTERNATIONAL’s large network of baton twirling contests is an important part of the national and world baton twirling picture. There is usually greater interest and a higher level of twirling proficiency found in areas where there are top-level competitions.

MOTTO AND PLEDGE OF HONOR

NBTA INTERNATIONAL’s motto is “winning is participating!” Accept new friendship as you extend your friendship to your fellow competitors. And remember, you are a part of the great HONOR SYSTEM that helps set apart baton twirling from many other sports. It is your responsibility to maintain accurate records and to compete in the proper classification and age divisions.

NBTA INTERNATIONAL contestants are bound by the following code of honor:

My Pledge – Code of Honor

In order to substantiate advancement, I pledge responsibility, with the help of my parents and teacher, to accurately record my twirling contest participation, dates, locations, categories, age divisions, placements, and advancement. I agree to take an up-to-date record with me to contests in which I participate, for reference, should there be any questions about my status or eligibility.

KNOW THE RULES

An understanding of the contest rules and procedures can help you enjoy a productive participation in the wonderful world of contest baton twirling. Knowledge of the rules is the responsibility of each individual.

YOUR COMPETITIVE AGE

September 1 is the beginning of each new contest year. Your actual age on September 1 determines your competitive age for the entire contest year from September 1 through August 31.

ADVANCEMENT CLARIFICATIONS FOR NBTA INTERNATIONAL SANCTIONED CONTESTS
A. Contestants will compete in earned status level (Nov-Beg-Inter-Adv). Example: A contestant may be Advanced in Solo, Beginner in Strut, and Intermediate in Two-Baton. Contestant is required to move up to next higher status level upon achieving the designated number of first-place wins. **First-place win in a higher status level results in automatic advancement.**
B. Double Entering – Contestant may double enter in open contests only and compete in a higher status level. Double entering is permitted only when contestant also enters contestant’s true status level (Nov-Beg-Inter-Adv). **Caution:** Competing at a higher status level without competing at current status level automatically advances contestant to higher level. **Double entering is not permitted in State/Regional/National NBTA INTERNATIONAL championship contests.**
C. **When Multi-Status Levels are Not Available** – Winning first place in a contest that does not provide multi-levels (Nov-Beg-Inter-Adv) shall be counted only toward a contestant’s current NBTA INTERNATIONAL status level. Winning first place in an official NBTA INTERNATIONAL State/Regional/National Championship contest that does not provide multi status levels, advances contestant to an advanced status in that type of competition.
D. Clarifications About Advancement – BEGINNER & INTERMEDIATE: In a multi-level pageant type event where pageant status is determined by twirling level, all 1st place wins in individual events (solo, strut and model) shall be counted towards advancement unless 1st place protection rule is applied. ADVANCED: Protection rule shall not be used.
E. One Contestant Constitutes a Division
F. All Wins Count – All wins in NBTA INTERNATIONAL competitions count in all cases. Only wins not recognized are those strictly involving all studio events and practice events.
G. Twirlers from other organizations should enter NBTA INTERNATIONAL contests at same status level.
H. **Protection Rule** – Should a Novice, Beginner, or Intermediate open, state, or regional (not national) solo, strut, 2-baton, etc. contestant not demonstrate first-place ability, the judge may use 1st place “Protection Rule” to prevent win from counting towards advancement. Protection Rule may be used in Individual pageant categories (solo, strut, and model) but not overall title. Awards will be presented as advertised. “1st Place Protection” must be clearly recorded on score sheet by judge and on results sheet by tabulator. Protection Rule may not be applied in advanced events. Contest directors will not instruct judges to use Protection Rule.
I. **Board of Governors** has authority to rule on any disputes.

B. Ties and Twirloffs

   c. In no case shall a contestant who has just competed be required to participate in a twirloff within 15 minutes of the time he or she last performed.

**DESCRIPTION OF EVENTS**

A. **One-Baton Twirling** is the mainstay of all baton twirling and provides a competitor with the opportunity to perform an innovative routine, which is adjudicated for its variety, difficulty, speed, control, smoothness, gracefulness, presentation, and showmanship.

B. **Two-Baton Twirling** – A contestant performs with two batons. Both batons must be in action at all times, either in like patterns, alternating patterns, or in concert with each other.

C. **Three-Baton Twirling** – Contestant twirling three batons only. Penalty for twirling more than three batons in three-baton contests. 2 pts.

D. **Rhythmic Twirl** – (previously known as Twirl Dance and Dance Twirl). Advantageous location for RT judges is recommended. Solo Rhythmic Twirl is a side branch of baton twirling in which twirlers coordinate their body movements to the music. Rhythmic Twirl is sometimes referred to as “interpretative twirling” and “synchronized twirling.” Unlike general twirling, in which music is used for accompaniment, a performer may vary the speed of the baton to coordinate with the music. As in other branches of twirling, it’s the ability with a style and not only the style itself that counts. All styles of interpretation are acceptable – within the bounds of good taste.

**ELIGIBILITY**: Advanced solo twirlers only; one baton only, no props.

**AGE DIVISIONS**: Ladies 7-9, 10-12, 13-15, 16+. Men 7-12, 13+

**MUSIC & TIME LIMIT**: Individually selected CD music. Judging begins with first note of music and ends with last note of music.
- Time limit 2:00 – 2:30 minutes.

**FLOOR AND HEIGHT**: Standard high school gym.

**SCORING**: 20 pts choreography, 20 pts twirling content, 20 pts twirling technique, 20 pts dance technique and 20pts presentation.

Rhythmic Twirl is an optional event at state, regional and Class A open contests as the national contest will be open to all advanced solo twirlers. At nationals, individual age groups may be held, followed by a twirloff.

E. **X-Strut Routine**
   1. **Super-X Pattern** – Contestant shall perform individually within the prescribed floor pattern only once. Starting point shall be at upper corner of lane to judge’s left. Direction of pattern shall be diagonally toward opposite corner, turning right at edge of lane, then straight to opposite edge of lane, turning right and proceeding diagonally to opposite corner, then turning left to center point of lane, turning left and proceeding in straight line toward judge for remaining required steps. Finish shall be at any point within designated 30’ by 20’ lane. Section 5 shall not extend beyond borders set by Section 1. Oblique movements are not allowed in first four sections. Retracing is permitted.
   2. **Basic Strut Portions** – A minimum of four forward consecutive steps of basic strutting shall be executed during four different intervals of floor pattern: first section, second section, third section, and fifth (final) section. They shall be performed immediately after opening salute and on first steps forward on other specified sections. No penalty for exceeding required minimum four basic steps.
   3. **Twirling not permitted** during strutting routine. From first movement to ending salute, twirling is not permitted in a strutting routine. Rolls, fingerwork, and baton releases are not permitted. Loops, swings and slides are allowed. Not more than two continuous revolutions from center of baton are allowed. Continuous revolutions limited to two at any one time. Baton must be a full-hand grip in one hand or another at all times during a strutting routine performance.
   4. **Salute** – A salute is required at beginning – after opening presentation and before first step forward. A salute is also required at end of routine. Timing and judging will begin with first movement and will end with final salute.
   5. **Time Limit** – Novice Division: 0:30 – 2:00 / Beginner, Intermediate, and Advanced: 1:30 – 2:00 – listed on grid. Penalties will be assessed beginning with opening move and therefore will include any violations before opening salute. Performance shall cease with ending salute and contestant shall immediately leave the competition lane. **If within time limit, length of routine cannot logically determine score for routine contents.**
   6. **Floor Contact** – No part of body, other that feet, shall contact floor, intentionally or unintentionally.

   **Out of Step** – Contestant will receive a zero in timing when out of step on one or more complete sections of floor pattern or out of step on all required basic steps. (See Rule E.2) In such case, out-of-step penalties shall not count in tabulation of penalties. (Other captions should receive scores.) Contestant may not be disqualified.

Freestyle moves when left foot does not hit the accented beat of the music are not considered out of step. However, contestant must re-establish proper timing or an out-of-step penalty of .5 will be assessed per each violation. If contestant does not correct
self within eight counts, an additional .5 penalty will be assessed; penalty not to exceed .5 per eight counts of out of step. Movements must be synchronized with the tempo of the music. Lack of synchronization with the music shall be reflected in the Overall Timing caption.

7. Music – Contestants shall perform to standard march music provided by the contest director.

F. Flag Twirling – A performer twirls and swings a baton shaft with a flag attached. One-baton score sheet is used, with logical interpretation. See score sheet.

G. Duet and Trio - Two contestants performing at one time are called a duet. Three contestants performing at one time make a trio. Contestants are judged on their ability to perform simultaneously and in concert with one another while employing exchanges and combinations uniquely designed for duets and trios. Each contestant is evaluated on the use of one baton. No credit is given for two batons.

H. Show Twirling – Show Twirling is interpretive, free-style twirling where contestants select own cassette music and use any combination of twirling instruments in order to display their total show performance. Props and twirling equipment are limited to that which can be hand carried in one trip by contestant only. Electrical props are not permitted. Penalty for exceeding prop ruling is 2.0.

I. Hoop Twirling – Hoop twirling provides still another opportunity for contestants to expand their repertoire. Proficient Hoop Twirling requires excellent coordination and dexterity as the number of twirls that can be executed with a hoop is limited, due to the shape of the hoop. Imaginative, innovative, and exciting combinations are encouraged. Intentional hoop floor rolls, etc., do not count as drops.

J. Basic Strut – Military Strut – Basic/Military Strut implies straight marching in a square pattern with no footwork or legwork embellishment while carrying baton in either traditional or cradle position. In the case of military strut the traditional hi-lo-wa-beat is required. Forward motion is mandatory. Consideration in judging will be appearance, posture, gracefulness, and timing. All styles shall receive equal consideration. Contestants will march in a follow-the-leader pattern or one-at-a-time according to judge’s instructions. Direction of square at discretion of judge. Contestants who stay in step will place above those with timing problems.

K. Circle T Modeling – All modeling events will be performed in a Circle T pattern. Modeling performance begins directly in front of judge, turning either direction, left or right, at top of lane and then proceeding to chosen corner. Contestant executes a semi-circle (away from judge) to opposite corner. Contestant returns to center front of judge’s table and back to starting point. Timing and judging end at this point. If interview is included in performance, interview is not timed. Contestant will wait for judge’s signal to approach table for interview. Judge will score first 3 captions before interview begins. The element of the interview should encourage contestant to talk about herself; her hopes, dreams, goals, and opinions. It is not the style but the ability within the style that is judged. All modeling styles within the bounds of good taste will be given equal consideration.

Modeling time limit 1:00 minute. Interview limited to two questions.

Required attire for Novice/Beginner/Intermediate Circle-T modeling and other model-type events is twirling costume or strutting costume. Ineligibility for non-compliance. Advanced division contestants at open competitions may wear gown or costumes – as indicated by respective contest.

L. Hi-Point - Some contest directors may choose to award Advance contestants points for their placements. Twirlers acquiring the most points during a contest day are acclaimed Hi-Point winners. Individuals keep track of their own points. Points are generally given as follows: 1st Place – 5 Points, 2nd Place – 4 Points, etc. Corps and team are not included in Hi-Point count. No Hi-Point events are held for Novice, Beginner, or Intermediate.

M. Leadership Contest – Drum majorettes/drum majors will compete in separate division / field generals compete together. Girls and boys compete together. See score sheet for grading information.

N. Annual National Collegiate Twirling Championships
Multi-Dimensional National Collegiate Championships include:
SOLO CONTEST CHAMPIONSHIPS – One baton and multiple batons may be used. Your own CD music should be fast paced and when possible, college fight songs and/or powerful music.
